Special thanks to the Deaf Services Center Inc. for providing interpreting services.
Established in 1902, Franklin University is central Ohio’s leading educator of working professionals and the second-largest private university in the state, serving nearly 10,000 students annually. As a student-centered institution and innovator of online education, the University offers applied majors at the undergraduate and graduate levels, enabling adult learners to achieve their educational and professional goals. Over 1,500 students graduate from Franklin each year.

Our students come to us from all walks of life, across the country, and around the world. Many of them take classes online, but they also come to our Main Campus in downtown Columbus, three locations in suburban Columbus, regional locations in Beavercreek and Indianapolis, and co-locations on community college campuses.

Our online degrees are convenient and affordable, with courses that provide the ultimate flexibility to all our students.

To create greater educational opportunity for even more students, Franklin partners with community and technical colleges across the nation to enable transfer students to complete their bachelor’s degrees through our Community College Alliance (CCA) Program. The University defines itself as a world leader in higher education by partnering with educational institutions in Europe, the Middle East, and Asia to offer our MBA Program.

In addition, Franklin’s distance education reaches active-duty soldiers across the globe through the GoArmyEd Program, providing eligible enlisted soldiers the opportunity to earn bachelor’s degrees while serving our country. Franklin also has a formal partnership with the Army National Guard and offers a tuition discount to military family members.

Franklin faculty and staff work collaboratively to ensure academic quality, provide access to educational opportunities, adapt to the needs of adult students, and respond appropriately to changes in society, professions, and the global business community. Ultimately, their dedication helps open doors to increased opportunity for our graduates today – and well into the future.

As a nonprofit, private University, Franklin is supported by tuition and the generous contributions of alumni, friends, and the greater Columbus community. Franklin University is accredited by The Higher Learning Commission.

Franklin University is committed to providing high-quality, innovative, and responsive education at an affordable cost. The University continues to respond to the needs of businesses and students with sound academic programs, a variety of course delivery options, and competitive tuition rates. Franklin offers undergraduate and graduate programs, as well as academic minors.

We are committed to providing our students flexibility and convenience. Our multiple locations allow you to further your education close to home or work, and online coursework means you can learn anywhere at anytime. We also offer student services at many of our locations and online.

Franklin University’s respected master’s programs are founded on proven theories and practices woven through real-world applications that enrich learning experiences to prepare students for advancement and success.

David P. Blom

David P. Blom is currently the President and Chief Executive Officer of OhioHealth Corp., in Columbus, Ohio, a position that he has held for the past 12 years. In this role he established OhioHealth as the market leader with a 44 percent market share through clinical service-line growth, geographical expansion, physician recruitment, cost efficiency, acquisitions, and new facility development. In addition, under his leadership, operating margins were increased from 1.7 percent to 10.1 percent, and currently stand at $2.7 billion. Moreover, Blom established a new health-system governance model, uniting several boards of directors into one corporate board.

Blom’s career with OhioHealth spans more than 30 years and includes many leadership positions including hospital president at three different facilities, vice president, system vice president, executive vice president, and chief operating officer. His achievements have garnered recognitions such as CEO of the Year by Columbus CEO magazine, Businessperson of the Year by Columbus Business First, and Smart Leader by Smart Business magazine. In 2011, he was honored by his peers and chosen CEO of the Year (Large Nonprofit) in a list compiled and published in Columbus CEO magazine.

Mr. Blom’s success has been built upon a commitment to rigorous goal setting and continuous performance improvement in quality, service and financial outcomes. His areas of expertise also include change management, transformation leadership and building a culture of innovation. Blom earned his bachelor’s degree from The Ohio State University and a master’s degree in healthcare administration from George Washington University.

Blom is active on professional boards such as the Voluntary Hospitals of America (VHA), a network of 1,400 nonprofit hospitals that work together to improve clinical and economic performance, and Provista, a for-profit, growth-oriented subsidiary of VHA. He also serves on a number of local boards including the Columbus Partnership, the Columbus Downtown Development Commission, and the Columbus Foundation.
**Each trimester**, two faculty members are honored with the Robert L. Bailey Teaching Award. Graduating students are asked to identify one undergraduate and one graduate faculty member who had the most significant influence on them throughout their educational experience at Franklin University. The award recognizes those who have challenged students intellectually and guided them in finding the significance of the course content as it relates to them both personally and professionally.

While more than 100 graduate and undergraduate faculty members are nominated each trimester – clearly showing the magnitude of interaction between students and faculty at Franklin University – the faculty members receiving the most nominations are awarded this honor.

These awards are funded through an endowment established by State Auto Insurance Companies in recognition of Robert L. Bailey, who served State Auto for 28 years in various positions, including President, CEO, and Chairman, until his retirement in 2000. Bailey is also a past Chair and a Trustee Emeritus of Franklin University’s Board of Trustees.

Congratulations to this trimester’s recipients: **Dr. Garry McDaniel**, Undergraduate Faculty and **Larry Baker**, Graduate Adjunct.

**Dr. Garry McDaniel** has been a full-time faculty member at Franklin University since 2006. He is currently responsible for the B.S. Human Resources Management major and teaches in the global MBA program. While at Franklin, Dr. McDaniel has also served as Associate Dean & Executive Director of the University’s continuing education program, which was recognized in a 2012 Columbus CEO magazine Reader’s Poll as the top continuing education program in central Ohio.

Dr. McDaniel has over 30 years of experience in corporate settings. He is the author of two books, *Conflict to Cooperation* and *Managing the Business*. Dr. McDaniel’s passion for learning is evident through his well-planned, engaging classes that blend theory and practice to drive student success.

**Student Nomination:**

“Dr. McDaniel is truly very dedicated and always motivated us to reach further. He had a way to pull the creativity out of you and make you strive for more. He is one of the best teachers I have encountered especially in my online classes. He always did a superb job.”

**Larry Baker** has been an instructor in Franklin University’s MBA program since 2010, teaching Managerial Economics and Operations Management. He earned his B.S. in chemical engineering and his M.S. in industrial management, both from Purdue University. Mr. Baker retired from Ashland, Inc., after 35 years of service. During that time, he served in a variety of roles including Vice President of Composite Polymers Division, as well as Vice President of Global Operations, overseeing the manufacturing and supply chain activities for Ashland’s businesses around the world.

Since retiring from Ashland, Mr. Baker has focused on teaching at Franklin and independent consulting in strategic planning and operations management. He is passionate about promoting a low risk learning environment in addition to tying the practical aspects and the theory of the subject together with shared experiences from both students and instructor.

**Student Nomination:**

“Professor Larry Baker wants his students to learn the course subject matter. He was always willing to provide guidance and took the extra time to give each student constructive feedback. He took his teaching seriously and was very committed to turning around assignments promptly. He also brought his life experiences to the course, which truly enriched the learning.”

**ACADEMIC REGALIA**

**Identification of the hood and robe** as academic apparel is believed to have originated at the English universities of Oxford and Cambridge during the 13th and 14th centuries. The hoods are thought to be carried over from the times when the monks who operated universities wore them to protect their shaved heads in winter. The robe also may have been necessary for warmth in the unheated buildings frequented by medieval scholars.

Use of the academic robe came to the United States in the 18th century. In 1895, a conference of various university officials adopted a universal code of design and color, which has undergone numerous revisions over the years.

Robe styles vary for the bachelor’s, master’s, and doctoral degrees. The width of sleeve borders and length of the hood increases with each advanced degree. The color of the velvet border on the hood indicates the type of advanced degree achieved.

**UNDERGRADUATE HONOR CORDS**

**Gold** signifies summa cum laude, 3.90 or higher cumulative grade point average.

**White** signifies magna cum laude, 3.70-3.89 cumulative grade point average.

**Red** signifies cum laude, 3.50-3.69 cumulative grade point average.

To qualify for these honors, students must complete a minimum of 40 cumulative semester hours in baccalaureate coursework or 30 semester hours in associate coursework at Franklin University.

**LEADER SCHOLARS**

The Leader Scholar Society of Franklin University is comprised of students from both undergraduate and graduate programs, who have achieved the highest levels of academic achievement as well as exhibited leadership skills in the classroom, in their careers, or within the community. Members of the Society are invited to be guests at Franklin’s annual Raymond E. Mason Jr. Leadership Symposium. Since 2005, this group showcases Franklin’s best and brightest students. We are proud of their achievements not only as students, but within society today and in the future.
Please note: This program is not an official graduation list. The University’s final record of the conferral of degrees is the student’s official academic transcript, which is kept by the Office of the Registrar, 201 S. Grant Ave., Columbus, Ohio, 43215.

GRADUATE PROGRAMS
Candidates are listed in procession order.

Master of Business Administration — MBA
Master of Science in Accounting — MSA
Master of Science in Human Resource Management — M.S. Human Resource Management
Master of Healthcare Administration — MHA
Master of Public Administration — MPA
Master of Science in Business Psychology — M.S. Business Psychology
Master of Science — M.S.

Congratulations to the Winter 2014 graduating class of Franklin University! The Office of Alumni Engagement welcomes you to the ranks of Franklin alumni who are making a positive impact on communities around the world.

We want today to be the start of a long and fruitful relationship between you and your alma mater, so we hope you will stay connected to Franklin and to one another by joining our online community (alumni.franklin.edu). Through it, you will be able to search for and reconnect with fellow Franklin alumni, create and customize your personal profile page, share and view photos and class notes, register for Franklin events, network, and much more. You’ll also receive our annual alumni magazine, Clocktower, where you can enjoy stories about fellow alumni, your favorite faculty, and University news and updates.

As you exit the auditorium today, you’ll receive information about becoming involved and staying in touch. You can help us serve you better by letting us know about your career changes, address changes, promotions, and other major events in your life. That way, you’ll never miss an update and we can share your good news with your friends and classmates.

To provide the Office of Alumni Engagement with information regarding any changes, call us at 614.947.6062, email us at alumni@franklin.edu, or visit our online community at alumni.franklin.edu. And don’t forget to visit us on Facebook, LinkedIn, and Twitter!

Again, congratulations on earning your degree. We’re proud to have you as a Franklin University alumnus and we look forward to your active participation in the years ahead.

The Franklin University Excellence Coin is a symbol of the pride associated with being a Franklin graduate. It’s an icon of achievement and commitment to success and a tangible way to display and share your Franklin pride. It is a tradition that each student receives one upon graduation.

If for any reason you or another alumnus are missing an Excellence Coin, please visit alumni.franklin.edu or call the Office of to request one.

*Deceased

The Franklin University Excellence Coin is a symbol of the pride associated with being a Franklin graduate. It’s an icon of achievement and commitment to success and a tangible way to display and share your Franklin pride. It is a tradition that each student receives one upon graduation.

If for any reason you or another alumnus are missing an Excellence Coin, please visit alumni.franklin.edu or call the Office of to request one.

*Deceased
Franklin University is committed to being an inclusive community free from all forms of discrimination and harassment.
